2. Services Overview

Performance Marketing

Meta Ads, Google Ads, TikTok Ads — full-funnel campaign strategy, creative testing, bid optimisation, and ROAS-focused scaling.

Search Engine Optimisation (SEO)

Technical SEO, on-page, off-page link-building, and content strategy to drive sustainable organic traffic.

Tracking & Analytics

Server-side tracking, GA4 migration, Meta CAPI, Google Tag Manager, custom attribution dashboards — fix measurement before you scale.

CRM & Marketing Automation

GoHighLevel setup, pipeline design, lead-nurture workflows, and automated follow-up sequences.

Web & Landing Page Design

Conversion-optimised landing pages, Webflow / WordPress builds, and A/B testing frameworks.

Fractional CMO

Part-time Chief Marketing Officer — strategy, team leadership, and execution oversight for growing businesses that aren't ready for a full-time hire.

3. Frequently Asked Questions

The following Q&As; are sourced directly from digiminds.org/faq/ with no additions or modifications to the factual claims.

Q1. What services does DigiMinds offer?

DigiMinds is a full-service digital marketing agency. Core services include:

- **Performance Marketing** — Meta Ads, Google Ads, TikTok Ads
- **SEO** — technical, on-page, off-page, and content
- **Tracking & Analytics** — server-side tracking, GA4, Meta CAPI
- **CRM & Automation** — GoHighLevel, lead nurture, pipelines
- **Web & Landing Pages** — conversion-optimised design & A/B testing

- **Fractional CMO** — part-time strategic leadership

Q2. What makes DigiMinds different from other agencies?

Three things set DigiMinds apart:

1. **Senior-only delivery** — every account is handled by a senior strategist, not juniors. You meet them before you sign.
2. **90-day performance guarantee** — if agreed KPIs are not met, DigiMinds keeps working at no charge until they are, or refunds management fees.
3. **Honest scoping** — if your ad spend is under \$3k/month, DigiMinds will tell you that a full retainer isn't right for you yet.

Q3. Do you work with international clients?

Yes. DigiMinds serves clients across the US, UK, Canada, UAE, and Pakistan.

- US/UK invoicing via US LLC + Stripe
- International payments via Wise, Payoneer, or bank wire
- Account managers overlap with PT, ET, and GMT time zones
- Weekly calls and Slack/email responses during your business hours

Q4. What is your pricing?

Pricing is custom-scoped based on your vertical, ad spend, and deliverables. Indicative ranges:

- **Starter retainer (PK market):** PKR 150,000/month
- **International retainer:** USD 2,500 – 8,000/month
- **One-time audit:** USD 2,500 (credits against future retainer)
- Retainer is typically 6–15% of managed ad spend

No Silver/Gold/Platinum packages — every engagement is custom-scoped.

Q5. What is the 90-day performance guarantee?

KPIs are agreed in writing at kickoff. If DigiMinds misses them within 90 days:

- They continue working at no charge until targets are hit, OR
- Management fees are refunded

Conditions: client maintains minimum agreed ad spend, provides account access, and does not change scope mid-flight. Ad spend itself is never refunded (it belongs to the platform). Full 2-page guarantee PDF available on request.

Q6. What industries do you work with?

DigiMinds serves a wide range of verticals including:

- DTC / e-commerce (fashion, beauty, supplements, homewares)
- SaaS and B2B software
- Local services (HVAC, dental, legal, real estate)
- Relocation and immigration services
- Education and EdTech
- Pakistani exporters and SMEs scaling internationally

Declined verticals: gambling, adult content, unregulated crypto schemes, tobacco, MLM.

Q7. How do I get started?

Three ways to start:

1. **Book a free 30-minute discovery call:** calendly.com/digimindsltd/30min
2. **Email directly:** hello@digiminds.org
3. **WhatsApp / Call:** +92 371 4232502

The discovery call covers your current setup, goals, and whether DigiMinds is the right fit. No pitch — just a conversation.

Q8. What tracking and analytics setup do you provide?

DigiMinds treats measurement as a pre-condition, not an afterthought:

- Server-side tracking (fixes iOS 14+ signal loss)
- Meta Conversions API (CAPI) implementation
- GA4 migration and event configuration
- Google Tag Manager audit and rebuild
- Custom attribution dashboards (Looker Studio / Metabase)
- Consent Mode v2 for GDPR compliance

Tracking is included in retainer scopes or available as a standalone engagement.

Q9. What payment methods do you accept?

Pakistan clients: IBFT bank transfer, JazzCash, EasyPaisa, cheque

International clients: Wise, Payoneer, bank wire, Stripe (USD via US LLC), USDT

Note: PayPal is not available due to PK merchant restrictions.

Full payment options are confirmed at the proposal stage.

4. 90-Day Performance Guarantee — Full Terms

The DigiMinds 90-Day Guarantee is a written performance commitment. KPIs (typically ROAS, CPL, or organic traffic growth) are agreed before kickoff. If those KPIs are not achieved within 90 days — and the client has upheld their obligations (minimum ad spend, account access, no mid-flight scope changes) — DigiMinds will either continue working at no additional cost until the targets are met, or refund the management fees paid. Ad spend is not refunded as it is paid directly to ad platforms. Full terms available in the 2-page guarantee PDF sent upon request.

✓ KPIs agreed in writing at kickoff	✓ Work free until targets hit OR refund
✓ 3-month initial term, then month-to-month	✓ No auto-renew · No exit fees

5. How to Engage

Step 1 — Book Discovery Call

30-minute free call via calendly.com/digiminds/30min. No pitch — DigiMinds qualifies fit honestly and will tell you if you're not ready for a retainer yet.

Step 2 — Free Audit

DigiMinds runs a free 10-minute audit of your current ad accounts, tracking, and funnel. Identifies \$3–8k/month of typical waste even if you never hire them.

Step 3 — Custom Proposal

Custom-scoped proposal (no Silver/Gold/Platinum packages). Includes KPIs, deliverables, timeline, and guarantee terms in writing.

Step 4 — Kickoff

60-minute kickoff call across week 1. After that, monthly strategy approvals and weekly Loom video updates — most founders spend 30 minutes/week.
